# Nevada Ethics Evidence Exhibits

Public social-media captures supporting separate complaints concerning Tya Mathis-Coleman and Zach Conine

Captured October 13, 2026 UTC, during the evening of October 12 in Nevada. All pages were viewed without signing into the user's accounts. Screenshots contain public-page content and blank login controls; no user name, email, profile image, or signed-in account identifier was observed. Images are unaltered browser captures. Dates and explanatory notes below are editorial labels outside the screenshots.

This binder contains 55 located publication URLs and one collaborator-detail capture. It does not establish 55 campaign promotions. Video captures are individual frames; long captions, later video segments, and additional carousel images may not be visible. Reel dates unavailable in the public Facebook viewer are marked unresolved. Official account ownership, public exposure, actual campaign purpose, and resource use are separate issues.

# Exhibit index annotations

The register identifies 18 X posts, 22 Facebook posts or reels, and 15 Instagram items, plus an Instagram collaborator-detail capture. A-3 and A-4 use complete post IDs; A-17 and A-18 identify two additional X posts.

**C-1:** Publication date identified as September 25, 2026.

**C-14:** February 11, 2026 retreat post.

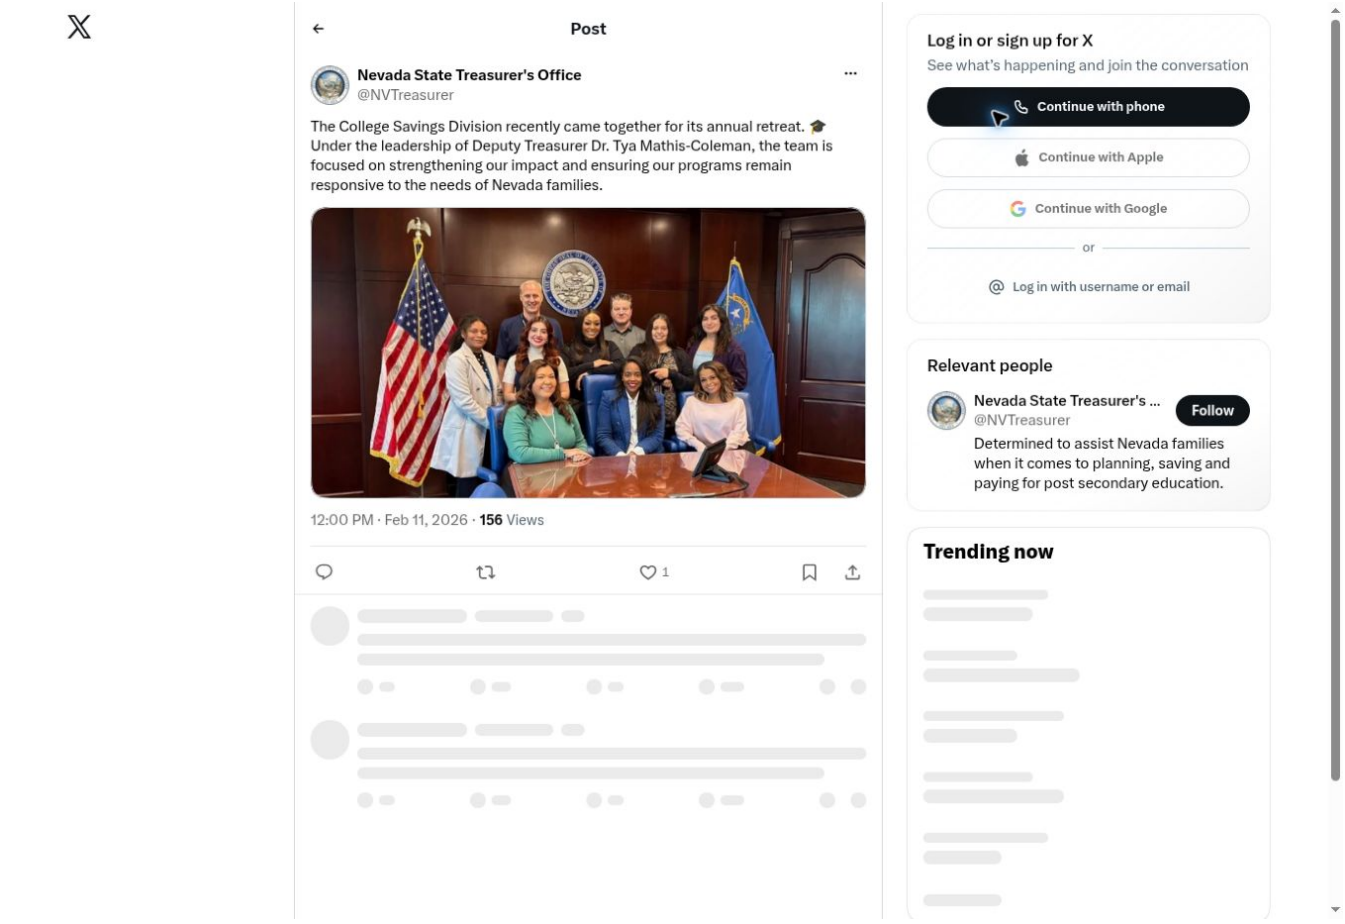

**C-15a:** Instagram collaborator information identifies the official Treasury account and a Mathis-Coleman personal account. Account collaboration does not, by itself, establish campaign advocacy.

Certain public Facebook reels do not display a publication date in the available viewer. Video-frame and carousel captures reflect the visible material in the original captures.

Good afternoon,

We are in receipt of your records request received 10/2/26.

- In regards to your request #1: No records responsive to this request exist.

- In regards to your requests #2,#3, #7, and #8: These requests are overbroad, please provide clarification regarding these requests to narrow down the
exact communications you are requesting and the office will consider the clarified request and respond accordingly. Please see Freedom Watch, Inc. v. Dep't of State, 925, F. Supp. 2d 55 (2013).

- In regards to your request #4:
To the extent this request is for actual and existing public records, this request is overbroad in that it doesn't allow the Office to find specific existing public records. Can you please clarify this request as to the actual records you are requesting? Please see Freedom Watch, Inc. v. Dep't of State, 925 Supp. 2d 55 (2013). Further, the Office is having difficulty understanding the subject matter of your request. Can you please also clarify this request to allow the Office
