# SELECTED CCSD EMAIL RECORDS

Tya Mathis-Coleman and Affiliated Outside Organizations

Short evidentiary excerpts from CCSD productions. Quotations below are verbatim excerpts previously identified in the records review. Where the current attached export contains the underlying record, a clipped image is included. A funding request is not described as a completed payment unless the record shows the purchase occurred.

## Junior League of Las Vegas

**Nov. 20, 2018 — Tya Mathis-Coleman to CCSD staff**

"Here is the updated information for the Junior League Ad. We approved the ad earlier this year but here are the details so you and Jay can develop our text."

*Related November correspondence also states: "we must meet our PTTR requirement."*

**Jan. 15, 2019 — CCSD purchasing discussion**

"The cards are named and titled under the district, they would not be attached to an employee."

*Follow-up from CCSD employee: "Thank you. I was able to make the purchase. The receipt is #D358641."*

**Why this stands out:** the correspondence does not merely discuss an outside event; it documents a district-linked purchasing process followed by confirmation that the purchase was made.

## Delta Sigma Theta Sorority, Inc.

**Nov. 5, 2019, 3:40 p.m. — Tya Mathis-Coleman**

"I would like to purchase a full-page ad. This would be great for ARL at a college or university. Also, great for diversity Please complete funding request."

*Nov. 6, 2019, 8:08 a.m. CCSD staff response: "Done. I left the funding request on your door. :)" The completed form named Clark County School District as advertiser, selected a one-page $125 ad, and identified a Delta Sigma Theta chapter as recipient. The reviewed records do not independently establish final payment.*

## Black Community Organizations Network (BCON)

**May 2019 — Centennial High School administrator / BCON-related exchange**

"Centennial is donating $750 to each of your organizations."

*The administrator said the checks were ready and asked whether Mathis-Coleman was sending someone to pick up her check. Other produced records include a "BCON Program 2019" printing estimate handled through CCSD channels. The reviewed records do not yet establish whether CCSD paid the printing bill or the ultimate recipient/source of every referenced check.*

## Les Femmes Douze

**Aug. 2018 — CCSD account activity**

Produced CCSD correspondence shows Mathis-Coleman using her district account in connection with Les Femmes Douze anniversary/debutante activities, including discussions described in the records review as **"ads/ticket sales."**

*The reviewed records establish use of CCSD communications/time for the outside organization, but do **not** establish a completed CCSD payment to Les Femmes Douze.*

*Source: CCSD PRR-2026-1326, AOL email production; August 2018 correspondence. No completed payment identified in the records reviewed.*

**Evidentiary bottom line:** Junior League correspondence shows a completed purchase. Delta correspondence shows a formal CCSD funding request completed internally, but final payment is not yet proven. BCON records show donation/printing activity and extensive use of the CCSD account, with the final funding path still unresolved. Les Femmes records show CCSD account/time use, but no completed district payment has been established.
